

Sustainable Apparel Coalition

— 2022 Higg FEM Webinar
(For Higg users)

Agenda

1. 2022 Higg FEM Cadence timeline
2. Key reminder for 2022 Higg FEM Cadence
3. 2022 Higg FEM Content change overview
4. 2022 Higg FEM Guidance change overview
5. Additional Support
6. Preparing for 2022 Higg FEM Cadence

— 2022 Higg FEM
Cadence Timeline

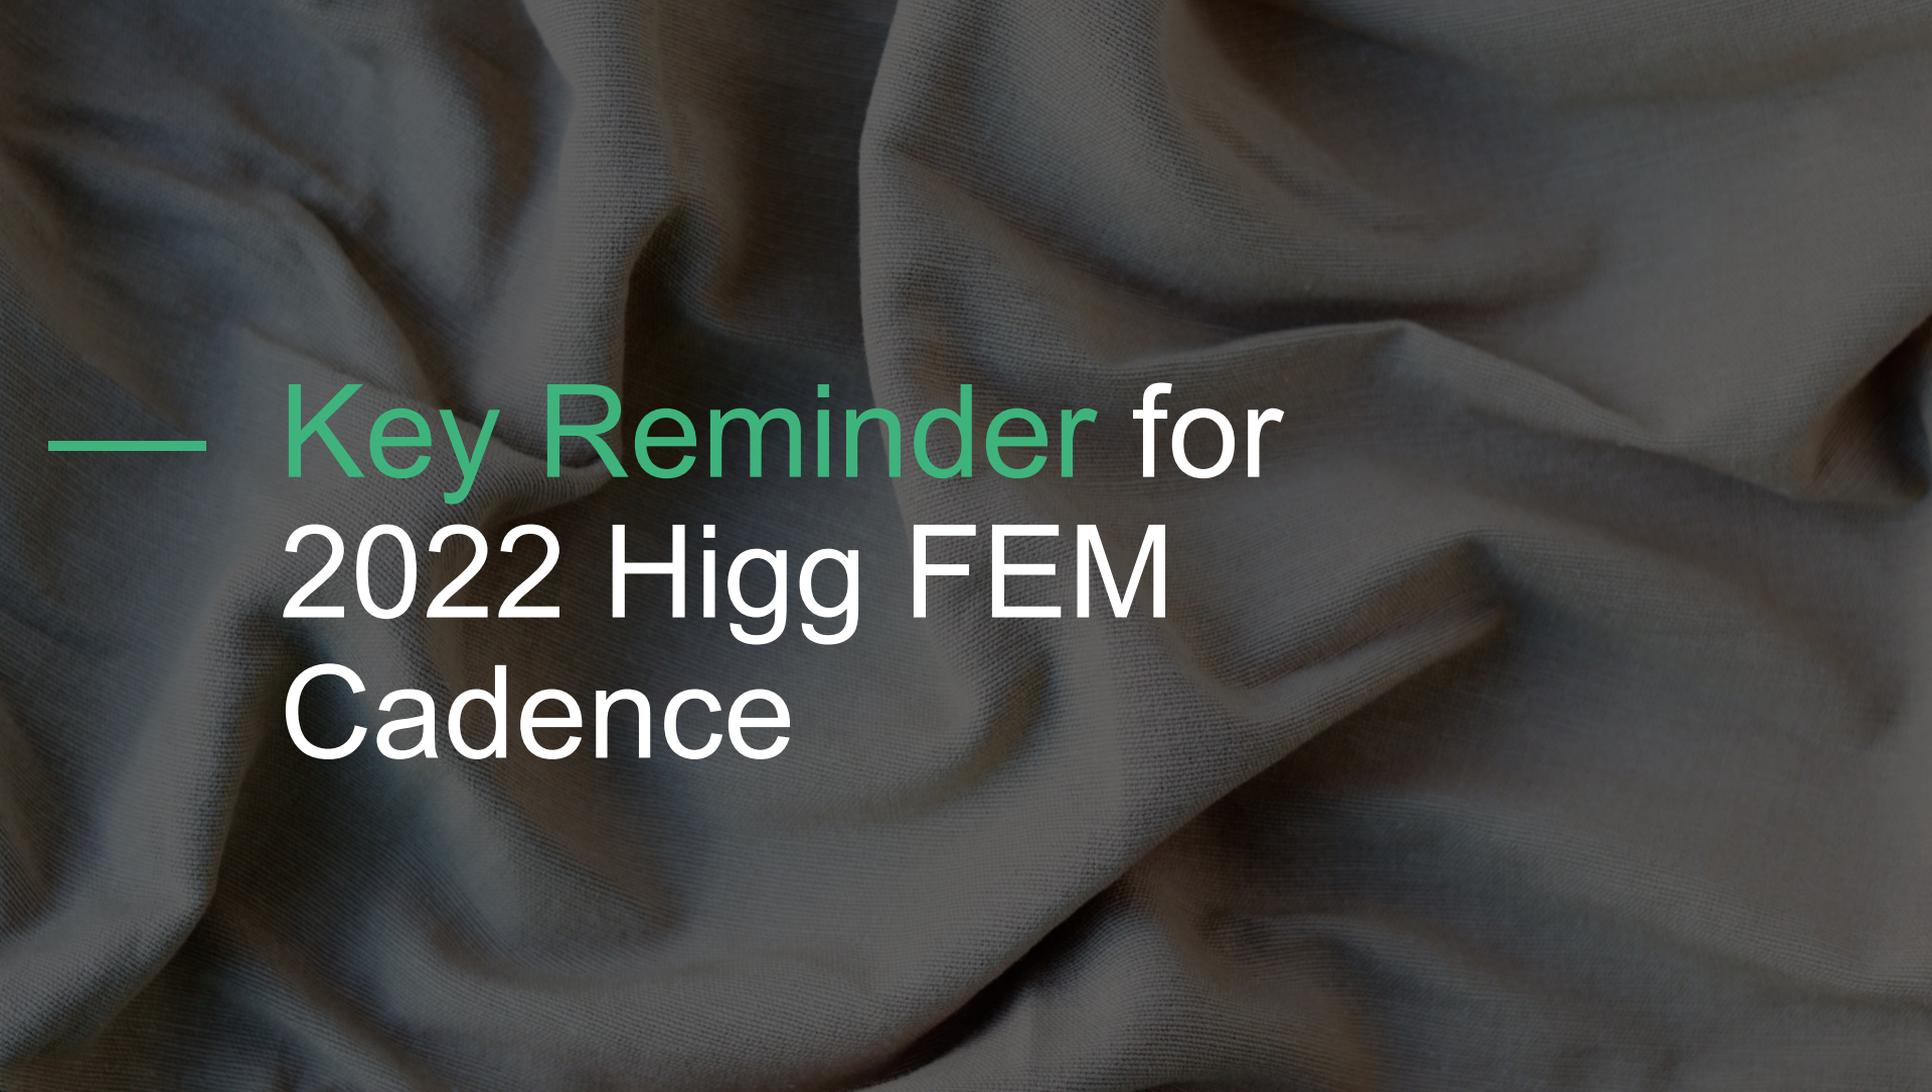

2022 Higg FEM cycle

April 30, 2023
Deadline for self-assessment with content locked for benchmarking

Note:

- *Once a facility begins to verify a module, the module cannot be unposted.
- *Unlimited posting/unposting DOES NOT apply to 2022 Higg vFEM or vFoundations at any time – verified modules can only be posted once.

— Key Reminder for
2022 Higg FEM
Cadence

FEM vs. Facility Foundations

Facility Foundations questions come from a subset of FEM 2022 **Level 1** Questions

FEM vs. Facility Foundations

Functions / Features	FEM	Facility Foundations
Self-assessment Module	√	√
Verification Module	√	√
CSV	√	√
Offline excel	√	√
Area of Focus and Improvement	√	√
Scoring dashboard	√	
Benchmarking	√	
Transparency - Standardize Communication Toolkits	√	

Accessing Criteria: FEM vs. Facility Foundations

FEM

- Available for Everyone

Facility Foundations

- Only ***new FEM user**, starting from 2021 Higg FEM cadence onwards, can choose to do either Facility Foundations or FEM
- All **existing FEM user cannot** choose Facility Foundations
- There is no upper limit on how many cadence facility can choose to do Facility Foundations
- Once a facility choose to do FEM, they cannot choose Facility Foundations in all future cadences

***New FEM User** defined as FEM has not been allocated to the account on higg.org regardless cadence. Meaning if an account was allocated with a FEM, regardless in which year, only FEM version can be allocated to that account. Facility Foundations version will never be applicable to that account.

Reporting period: FEM vs. Facility Foundations

FEM

- Measures performance from **Jan 1 to Dec 31 of the reporting year.**
(FEM 2022 measures performance from January 1, 2022 to December 31, 2022).

Facility Foundations

- No reporting period - available all year round
- Measures performance from the **most recent 12-months.**
(Example, if the facility is completing Facility Foundations in May 2023, Facility Foundations measures performance from May 2022 to April 2023).

— One assessment per facility in the 2022 Higg FEM cadence

Apply to self-assessment and verification

- ★ Only **one self-assessment** per facility in the same cadence
 - You may upgrade to FEM as long as Facility Foundations is in status NS, ASI or ASC.
- ★ Only **one verification** per facility in the same cadence
 - Facility Foundations Verification apply to Facility Foundations version
 - FEM Verification apply to full FEM version

Content change

New Unscored Question

ENERGY & GHG

- Added the following question to FEM 2022 content

(NEW) Does your facility purchase Energy Attribute Certificates (EACs) such as Renewable Electricity Certificates (RECs)?

(NEW.1) What type of Energy Attribute Certificates does your facility purchase?

Answer Dropdown Options:

- Renewable Energy Certificates (RECs) in North America
- Guarantees of Origin (GOs) in Europe
- Renewable Energy Guarantees of Origin (REGOs) in the UK
- International RECs (I-RECs)
- Tradable Instruments for Global Renewables (TIGRs) across the rest of the world
- Green-e Energy (EACs)
- EKOenergy certified EACs
- Other

(NEW.1.1) If Other, please describe

(NEW.1.2) How much MWh did your facility purchase and retire in the reporting year?

(NEW.1.3) Please upload your certificate

New Answer Options for Questions

Site Info & Permit

(Q7) Has your facility participated in industry programs related to sustainability or have sustainability related certificates valid during the reporting year? Please check all that apply.

- Added additional Industry Programs /Certifications & Guidance in H2H
 - LEED ; BREEAM ; Country Specific Green Building Certification ; BVE3
- Removed ISO 14064

* Has your facility participated in industry programs related to sustainability or have sustainability related certificates valid during the reporting year? sipindustryprogram

Yes s

* Select industry programs (please select all that apply): sipindustryprogram

3 Apparel Impact Institute Clean by Design + 37 ZDHC Supplier to Zero Program sselect

Edit...

* Industry Program

How long have you been in this program?	Enrollment/Validity Period: Start Date (Month/Year)	Enrollment/Validity Period: End Date (Month/Year)	What rating did you received?	If available, please enter a direct link you can provide to view status of this programs or certificate.	If a direct link is not available, please upload a copy of the program enrollment status or certificate.

Correction of Applicability

Air Emissions Section

- Q6 will not be applicable to facilities that only have Refrigerant devices and/or Air Conditioning
 - *(Q6) Has your facility gone beyond permit requirements to achieve a higher level of air performance in Nitrogen Oxides (NOx), Sulfur Oxides (SOx), and Particulate Matter (PM)?*

Wastewater Section

- Allow applicability for facilities that have selected Septic System for domestic wastewater to fill question Q6 regardless of how they treat industrial wastewater
 - *(Q6-Ref ID- wwsepticwater) Does your facility treat wastewater using Septic before it is discharged?*

— 2022 Higg FEM
Guidance change

— Additional Guidances on How-to-Higg FEM Guide

Site Info & Permit section

- Reference Links to Industry Programs and Certifications included

Energy & GHG section

- Added guidance for the new unscored question on EAC and REC

Wastewater section

- Added clarity on the definition of estimation equal calculation under Tracking Wastewater Volume guidance

Chemicals section

- Q14: Revised tooltip on Platform and Guidance to clarify expectation

Reminder for Next step

- ❑ Start reviewing 2022 Higg FEM Content, platform, guidance
- ❑ Work with your value chain OR Reach out to your customer(s) on which version best suit you in 2022 Higg FEM Cadence
- ❑ Make use of the Resources available

Q&A

Question? Please submit a ticket via howtohigg.org/request

A person wearing a brown hoodie and dark pants stands with their back to the camera on a grassy mountain ridge. They are looking out over a vast mountain range with rolling hills and valleys. The sky is filled with soft, grey clouds, and the overall lighting is dim, suggesting dawn or dusk. The word "Thanks!" is written in large, bold, yellow letters across the middle of the image.

Thanks!
